SUMMARY

Data Engineer building reliable Python and SQL data pipelines, backend integrations, and automation. Experience delivering structured KPIs and analytics from operational data through ETL, validation, API integration, and performance-minded workflow design.

EDUCATION

Sarvajanik College of Engineering and Technology *Surat, India*

Bachelor of Engineering in Computer Engineering; CGPA: 8.00 *Oct 2020 - May 2024*

EXPERIENCE

ParallelDots *Remote*

Data Engineer *Jun 2026 - Present*

- Build retail analytics workflows that transform image-annotation data into structured KPIs and insights for downstream business use.
- Develop Python and SQL data pipelines and ETL workflows across Databricks, PostgreSQL, ClickHouse, and MongoDB.
- Support backend/API integrations and reliable data delivery from operational inputs to analytics outputs.

NJ Mutual Fund *Surat, India*

Python / Backend / Data Analytics *Jun 2024 - May 2026*

- Built Python backend, analytics, and automation workflows for reporting and internal data systems.
- Reduced manual processing by 60% through validation-first ETL, reconciliation, and workflow automation.
- Improved reporting performance by 50% and reduced data-retrieval latency by 40% through SQL and backend optimization.

PROJECTS

Online Payment Fraud Detection | *Python, FastAPI, XGBoost, Docker*

- Built an end-to-end fraud-detection pipeline using a 6.3M+ transaction dataset, feature engineering, XGBoost, and a FastAPI prediction service.

ESG Performance Analysis | *Python, Pandas, Statistics*

- Analyzed ESG and market-performance data using regression and Monte Carlo risk simulation for financial insights.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript

Backend: FastAPI, Flask, REST APIs, backend/API integrations

Data Processing: ETL pipelines, data validation, data quality, Databricks, Pandas, NumPy

Databases: PostgreSQL, ClickHouse, MongoDB, MySQL, query optimization

ML / Applied AI: scikit-learn, XGBoost, practical AI integrations

Tools: Docker, Git, Linux, pytest

CERTIFICATIONS

Oracle Cloud Infrastructure Certified Data Science Professional

Issued 2025
