SUMMARY

Data Engineer with experience building reliable Python and SQL data pipelines, backend services, and automation. Focused on turning operational data into structured KPIs, analytics, and dependable downstream workflows through ETL, API integrations, data validation, and performance-minded engineering.

EXPERIENCE

ParallelDots *Jun 2026 - Present*

Data Engineer

- Build retail analytics workflows that transform image-annotation data into structured KPIs and insights for downstream business use.
- Develop Python and SQL data pipelines and ETL workflows across Databricks, PostgreSQL, ClickHouse, and MongoDB.
- Support backend/API integrations and reliable data delivery from operational inputs to analytics outputs.

NJ Mutual Fund *Jun 2024 - May 2026*

Python / Backend / Data Analytics

- Built Python backend, analytics, and automation workflows for reporting and internal data systems.
- Reduced manual processing by 60% through validation-first ETL, reconciliation, and workflow automation.
- Improved reporting performance by 50% and reduced data-retrieval latency by 40% through SQL and backend optimization.

PROJECTS

Online Payment Fraud Detection | Python, FastAPI, XGBoost, Docker

- Built an end-to-end fraud-detection pipeline using a 6.3M+ transaction dataset, feature engineering, XGBoost, and a FastAPI prediction service.

ESG Performance Analysis | Python, Pandas, Statistics

- Analyzed ESG and market-performance data using regression and Monte Carlo risk simulation for financial insights.

TECHNICAL SKILLS

Data Engineering: Python, SQL, ETL, data validation, data quality, Databricks, workflow automation

Databases: PostgreSQL, ClickHouse, MongoDB, MySQL, query optimization

Backend: FastAPI, Flask, REST APIs, service integrations

Analytics / Applied AI: Pandas, NumPy, scikit-learn, XGBoost, practical AI integrations

Tools: Docker, Git, Linux, pytest

EDUCATION & CERTIFICATION

B.E. Computer Engineering - Sarvajanik College of Engineering and Technology; CGPA: 8.00 *Oct 2020 - May 2024*

Oracle Cloud Infrastructure Certified Data Science Professional - Oracle, 2025
